

PRONTO Pack™ delivers affordable, accessible, and relevant emergency obstetric and neonatal simulation training worldwide.

Simulation does not have to be high-tech or expensive; all PRONTO Pack™ materials are designed for multiple uses and are low-cost and sourced locally, including the PartoPants™, which are made from re-purposed surgical scrubs. The PRONTO Pack™ is used in over ten countries and across the US in hospitals and educational programs.

"The PRONTO Pack™ enabled us to take simulation training in EmONC to the health care worker in the smallest, most remote health facility in Kenya. It has been a wonderful experience, thanks to PRONTO!"

— Minnie Wanjira Kibore, Pediatrician

PRONTO Packs™ can be purchased and used with manuals and materials included. Additionally, various training options to accompany the PRONTO Packs™ are available from PRONTO International's Master Training Team worldwide.

To Purchase PRONTO Packs™

- Cost per pack : \$750 USD
